## BAR MUMININ FOR ENGINEERS

#### 30,000 Locomotive Drivers to Benefit.

### GENERAL INCREASE

Arbitrators Point Out Danger to Public of Strikes and Federal and State Commission Suggested as Remedy.

Washington, Nov. 25 .- Thirty thousand locomotive engineers on fifty-two eastern railroads gain a partial victory in their demand for more wages, under the award announced by the board of arbitration.

In its decision, however, the board holds that the public, which had no voice in the controversy, and no choice but to abide by the decision, had more at stake than either engineers or railroads; and the report emphasizes the necessity of plans to safeguard the public against the possibility of a future strike, whose conse quences it depicts in somber vein. "It would be difficult to exaggerate

the seriousness of such a calamity," reads the report. "It is safe to say that the large cities of the east would find their supply of many articles of food exhausted within a week. Of so important a commodity as milk they would have no more than a day's supply. If a strike of the character lasted for only a single week, the suffering would be beyond our power of description. The interests of the public so farexceed those of the parties to a controversy as to render the former paramount. To this paramount interest both the railroad operators and the employes should submit.

To place such a strike beyond the realms of probability, the board advocates the creation of federal and state wage commissions. These commissions, the board suggests, should be vested with practically the same powers over organized labor as public utilities commissions now exercise over quasi-public corporations.

"It is the belief of the board," continues the decision, "that in the last analysis the only solution is to qualify the principle of free contract in the railroad service.' From this suggestion P. H. Morris-

sey, the representative of the engineers on the board, dissents. While the award increases wages on some railroads and for some class-

es of service, it holds that a general increase on all roads is not warranted. The award dates back to May 1 last, and will hold for one year from Mr. Morrissey, representing the en-

as to its renewal. In the past, with in Monroe, Schuylkill and other countracts between the roads and the engineers have been renewed annually. Following are the more important of the board's awards and the requests of the engineers:

In passenger service, a minimum wage was granted of \$4.25 for 100 miles or less; and an overtime rate of 50 cents per hour with an average speed of twenty miles per hour. The engineers asked \$4.40 and \$4.60 per day of 100 miles, according to the size of the locomotive cylinder, with an overtime rate of 70 cents per hour after five hours.

In through freight service a mini mum was granted of \$4.75 per day of 100 miles or less, with overtime pro rata after ten hours. The engineers requested rates of \$5.25, \$5.50 and \$5.75 per day of 100 miles, according to size of the engine; and \$7 for Mal let engines; the same rates to apply to mine runs, work, wreck, helper of

pusher, milk and circus trains. In local freight service, twenty-fiv cents additional to the through freight rates was granted. This met the full

request of the engineers. In switching service, a minimum of \$4.10 a day of ten hours or less was granted. The engineers asked \$4.56 per day of ten hours in switching service and for belt line service.

All existing rates higher than the minimum granted by the board are continued in force.

in fixing the minimum wage in passenger service at \$4.25 per day, a higher minimum rate is established for the roads, parties to the arbitra tion with the exception of a few.

In awarding the minimum through freight rate of \$4.75 per day, the board establishes wages for the district that measurably approach the Arrent minimum of roads now paying the better rates.

In making the rate for local freight service twenty-five cents higher than through freight service a general increase of compensation is granted.

The effect of the twenty-mile per hour basis of computing overtime in the passenger service, the rules regarding final terminal delay and other changes in the rules of service are all more favorable to the engineers than existing rules on many of the roads.

Trainmen Strike For More Wages. Pittsburgh, Pa., Nov. 25 .- Six hundred more trainmen employed in the yards and mills of the Steel Corporation plants quit. Nearly 1000 trainmen are awaiting the result with much i are out in the Homestead and Edgar, terest. Thomson plants and at the Carrie furnaces. The men demand an advance of 70 cents a day. The seriousness of the present strike was fully realized when officers of the steel company said the three big plants may be forced to shut down.

# OVER PENNSYLVANIA

### The Fall Ranges From Two to Eight Inches.

Philadelphia, Nov. 25. - Snow fell over the greater part of Pennsylvania Sunday. The fall was especially heavy in the north-central and northeastern

counties. In sections where the snow melted trolley service was delayed and the wires were coated with ice. In many sections the storm approached the proportions of a blizzard and railroads started preparations to keep their lines

This was the first snow storm of the season in Pennsylvania, and the effects were felt all the more because of the mild weather all fall. Even during last week the temperature ranged in the fifties and sixties and the sudden change to winter caught

many persons unprepared. gineers, has already indicated doubt Forest fires which have been raging

Four inches of snow fell in Williamsport. Around the city in Lycoming and surrounding counties a heavy fall was reported.

Schuylkill county was blanketed with a heavy snowfall. About eight inches fell on the mountains north of Pine Grove, and the forest fires which had been raging for two days were quenched.

Shenandoah was visited with a fall

of two inches. Frackville was visited by a blinding snowstorm, the ground being covered to the depth of six inches. The town is situated on the top of Broad moun

A heavy storm prevailed in Nor thumberland county. Much of the snow melted as it fell, eventually causing a deep slush and considerable interfer ence to trains on mountain grades Telephone and telegraph wires were thickly coated with ice, interfering

with the service. The temperature dropped to 49 de grees at Altoona and a high wind pre

SWEET SCENTED SACHETS. Charming Tokens For the Christmas

Gift Maker. Dresden ribbon daintily tinted is used in making this sachet handkerchief case. The upper part of the case and fired after the other man, who had is open so that the folded handkerfled from the house when he saw Ins. chiefs may be slipped inside. A plain satin ribbon is used for the lining. The Inskeep fired several shots at the row of tiny satin ribbon roses wreaththe big plain satin ribbon bow at the

eft are charming embellishments. A specially pretty and novel handkerchief sachet is very easily made from a twenty-two inch square of

of flannelette, lined with Japanese silk and edged all round with a cord chosen o match the lining

After the materials have been placed

ogether and one cord sewed on the our corners of the square should be olded to meet in the middle, envelope ashion, while four inches from each point sew a wee bow of ribbon to catch he sides together

The four points should then be turned back at will as far as the four ribbon bows, allowing ample room for getting handkerchiefs in and out. The effect of the turned back corners, particularly if the lining has been

chosen in some pretty contrasting color, is very attractive. For a large sachet, suitable for a nightdress, a yard of silk measuring not more than twenty-two inches wide In some pretty shade is required, together with a yard of soft white silk

The two yards of silk are laid to-

cether stitched round three sides and then covered on the inside with a thick pad of wadding. If it is the ordinary sheet wadding use three layers. Tack the wadding loosely to the selvage of the silk. The case then is turned right side out and the fourth side slipstitched. The yard strip is

divided into three, and two-thirds are

sewed up together on either side to form a bag The remaining third of the strip is then tied up somewhere about its center with a yard or rather more of wide ribbon to match the colored silk used on the case or, if it is not possible to obtain a good match, with a dou ble strip of the silk itself stitched to

gether to form a ribbon. The tied up piece of the sachet is finally turned over, so that the white silk lining and the bow lie on the front ready to siip the nightdress in.

## Indigestion

Causes Dizziness, Nervousness, Sick Headacne, Sleep-

Mi-o-no Stomach Tablets Banish all Misery, Gas and Sourness.

You know that most of the ailments named above come from an out of order stomach; of course you do. If your food doesn't digest, but lays heavily on your stomach, it has started

to ferment. When it ferments it sets loose in the stomach poisonous gases which irritate the great nerve that leads directly to the brain from the stomach.

That irritation causes heartburn, dizziness, nightsweats, nervousness.

MI-O-NA will end all stomach misery or money back. A large box costs only 50 cents and is sold by the People's Drug Store and druggists everywhere.

#### Hard Foot Callouses Removed Quickly

Anything on your feet that shouldn't be there—whether corns, callouses or sore lumps—they can all be removed in short order by Putnam's Corn Extractor. Think of the pain you are saved when that sore corn goes. It is

foolish to experiment with untried remedies better use Putnam's Extractor and the work will be done quickly and with-out pain. Putnam's Extractor costs 25c per bottle, sold and recommended by druggists and People's Drug Store.

#### AID THE KIDNEYS

Do Not Endanger Life When a Gettysburg Citizen Shows You the Way to Avoid It.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languer, why allow themselves to become chronic invalids, when a tested remedy is offered them?

Doan's Kidney Pills have been used in kidney trouble over 50 years, have been tested in thousands of cases.

If you have any, even one, of the symptoms of kidney diseases act now. Dropsy or Bright's disease may set in and make neglect dangerous. Read this Gettysburg testimony:

W. B. Flaharty, 311 Washington street, Gettysburg, Pa., says: "Doan's Kidney Pills, have been of great benefit to me and I willingly recommend them. I was injured some years ago and at that time my kidneys were affected. I got various remedies, but black and white. nothing seemed to do me any good until I used Doan's Kidney Pills. They quickly cured me. Whenever I have taken them since they have done good work."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agent for the United Remember the name-Doan's-

### IN PREVAILING STYLE

SHORT CHAT ON THE FASHIONS OF THE MOMENT.

Frocks Are Longer, Though Not to Any Marked Extent-"Fur" Shades Have Displaced Black and White in Millinery.

Frocks, as a general thing, are longer. The trotting frock clears the ground well, but is not exaggeratedly short and all other frocks touch, though their narrowness often makes them roll up when the wearer walks, so that they do not really look long, writes Florence Fairbanks in the Chicago Evening Post. There are a good many trained frocks too; the trains usually separate from the narrow underskirts and most frequently square, though rounded, pointed and fish-tail trains all appear and are likely to trail off at almost any angle instead of falling demurely in the back.

Unevenness of skirt bottom line is one of the features of the new modes and has been the subject of considerable experiment during the summer. Many of the cleverest drapery schemes demand such unevenness, and a skirt revealing the foot and ankle at some point where the drapery is lifted or where the skirt is opened up a little way no longer seems unusual.

Black and white, so long the supreme favorite in millinery, has been displaced by the new "fur" shades which promise to be a veritable craze this autumn. These shades, which in Paris are called "eclipse colors," include seal brown, mole, fawn, taupe and all the grays from pearl to dark metal shades.

The ordinary felt hat is at a discount these days, for most of the striking fall models seem to be made of silk, velvet or fur, or of all these materials combined. Rarely is a hat made of one material only. If it is, it is sure to be trimmed lavishly with some oth-

There is an unusual variety of fabrics used in fall millinery, including corded silks. These are in charming two-colored effects and in metallic combinations, like gold and silver, gun metal and copper, brass and steel. In some of these fabrics uncut velvet is imitated to perfection, while others are quite heavily ribbed, looking more like corduroy or Bedford cord. Moire in black and all leading dark shades

will be profusely used. Maltine hats are great favorites, and are shown in black, white, corbeau blue, copper, forest brown, combinations of peach and black, old gold and national blue, turquoise and white, and

MORE APPROPRIATE.

me and saying she had other fish to fry! Do you think that was proper? Marion-I should say not! She should have said she had other lobsters to broil.

If you have plenty of potatoes on hand they make an excellent feed for pigs, but they should be cooked and mixed with corn chop, middlings, etc. Corn meal and potatoes, well cooked into a soft mush, makes an ideal feed and is greatly relished by pigs, beeides it is a very healthful food.

you to?" asked the mother. "Yes, mother," said Walter, "I gave

FLOWERS COVER FACE VEILS!

Season's Styles Are Distinctly Pretty and a Wide Choice is Afforded -Silk Shetland.

Rosebuds, violets and clovers run riotously, but in self-color, over the new veils in black, midnight blue and dark brown octagon net of the filmiest sort. These veilings are vastly becoming and in excellent taste because year, we would not be able to supply dreds of dellars of fines will have to in Waynesboro, and of the arson in the design while distinct is not heavy. that they may retain their heat. Patterns of the lovely shadowy order also are in high favor. These appear for pincushions, and, although they upon the octagon meshes and are pretty in the standard back, blue and brown, but most fetching and becoming in cafe au lait shade-a tone which flatters any sort of complexion even fawns have been shot down by ly confesed that he had been implicate and, broadly speaking, may be worn costumes of 1840. bunters and allowed to lie in the woods. ed only and that the girl and the other, with any sort of hat but the one de-

> The woman who is wise in her generation and not in mourning, provides herself with a dark blue face veil of The glare of flames and the danger filmlest net, for that shade over the face seems to hide the lines or wrineyes whether blue, gray or brown.

For motoring at this season, the best veil is the Shetland in a shade of dull red or brown as this protects the face and prevents the complexion from burning, while it admits plenty of air. But for ordinary traveling the white silk Shetland is best, for it keeps the hair from blowing and even though it picks up any amount of dust, may be washed in a hand basin and dried in a very few moments.

Hints of the Pannier Are to Be Seen on All the Latest Models Shown by Designers.

Piquant pannier models, models donia. Among other things he said: but the case was nolle prossed. In showing the short bouffant pannier, 'At Caledonia Park, Chambersburg, 1909 he pleaded guilty to larceny and are still shown by certain makers, men and women feed deer by hand an i was sent to the Huntington Reforma- but rather as period frocks than in ent-day fashions. Everywhere, however, one sees echoes of the pannier, attenuated echoes, draperies that one can hardly call panniers, yet they hint at pannier origin or inspiration. These draperies fall long and limp, are drawn away but slightly from the front or are caught up but a trifle here or

Still there is a tendency to a foot line narrower than the line above it, though in reality the new skirt may have added foot width, straight falling, flatly pressed plaits or limp folds. No flare, except in extreme period models, but a comfortable width for plaited or clinging plain front, with some sort of flowing train or plaits falling from the shoulder to provide

Has Long Held a High Place

New in collars is a play upon the Medici which is especially adapted for the blouse having a low-cut neck and a can follow up the lectures of the winter partially crossed-over front. The strip of four-inch-wide lace edging is closely side-plaited from the common box-plait which forms its center at back. This ne of Pennsylvania's educational work wide plaiting comes against the nape of the neck, from whence the plaitings very gradually taper to a tiny frill at the front of the throat and disappear under the diagonal closing of the blouse. This closing is untrimmed as far as the "down slant" of the triangle, where begins a side frill of platted deep lace which forms a frill jabot covering more than half of the right may be joined beneath the plaitings, and so may the pieces of similar length that are used for the jabot. The main thing is to see that the collar fits, without coming closely against it.

AN AUTUMN HAT

The close fitting shape with brim rolled at the sides is one of the new autumn models. The high square crown is surrounded by a flat stiffened band of satin, and trimmed in front with a flat bow of velvet holding two

suffer from the pin pricks, their smiles grow all the broader. Some of the novelty shops are dis-

playing dainty dolls attired in quaint

These dolls attend milady when she dresses. The soft puff of the poke

bonnet holds pins of all colors and sizes, her reticule contains rings and brooches, and her parasol holds hat-

Sometimes the small daughter's farorite doll meets with an accident which leaves nothing intact but the

head. Make one of these attractive dollies in the following manner: Cut a cone shaped framework of buckram or cardboard. This is formed of a semicircle, with an opening in

which to fit the doll's head. Make a paper pattern first, so that the size may be exact. Fasten the sides together and sew the doll into her stiff skirt.

Sew leaden weights at the bottom of the frame, so that she may stand To attractively dress dolly, use

scraps of silk, ribbon, lace or figured One lovely doll wore a frock of

ream silk dotted with pink roses. The skirt should be very full and the bodice short waisted. Over this make tiny kerchief of white mult.

The bonnet should be pink silk and the reticule of the same material, pening and closing with a drawstring The parasol, also pink, should be

plaited silk attached to a crooked handle of wire wound with ribbon. A large muff may be substituted for

the parasol if desired This fascinating little maid is a deightful addition to the dresser and at the same time performs a mission in life. The attractive little cushion seen in the Illustration is designed for use beside the baby's dressing table or pasket. To make the cushion two pisque dolls about five inches long are necessary. The arms are removed from the dolls and the bodies stuffed around with cotton wadding, then at ired in suits of pale blue satin. About he necks are collars of lace, and prety blue satin caps adorn the curly olond heads Pins are stuck into the ushions in an artistic design, and when loops of ribbon are applied at be back of each doll to act as a support the attractive trifle is ready to be

Dainty Wicker Washstand, Very convenient for the baby's moth "to own will be the stork basket,

acked in the Christmas box.

thich is a graceful tall bandled affair tted with requisites for baby's toilet.

BABY'S WASHSTAND.

The dainty wicker washstand illustrat ed is a novelty that is finding much favor for Christmas presents. This stand is fitted with decorated china and embroidered linen towels and is just the right height for mother's convenience as she gives baby its morn ing bath.

Gift For a Child. A cute little Christmas gift for a child may be made from a small square of bright silk-some such tiny piece of silk as almost any mother will find among her ribbons.

Fill this with new pennies. The size of the bag, of course, depends on the number of pennies one wishes to

The child's name may also be written on the bag with pencil and embroidered in a color contrasting with the silk of the bag, though it will give just as much pleasure without this ad-

If you are still so far behind the age as to be dairying with no separator, get one now, if you sell a cow to do it.

An occasional colt or young horse to sell, even when one is not making a business of raising horses, is a help to any farmer.

The litter carrier will do much to keep the barn clean, because it encourages the boys and men to do

### RALSTON SHOES FOR MEN

Ralstons combine style, comfort and durability in the highest degree and are backed with the strongest guarantee ever put on any shoe. This is not saying that Ralstons are better than any other and all others, but it does mean that any Ralstons that fail to prove good will be made good-and without carrying the case to the Supreme Court, either. In shoes, as in everything else here, complete and lasting satisfaction must be yours or you get new goods.

#### GOLD SEAL RUBBERS

You are probably like most of us-you don't buy rubbers until a sudden storm forces you to buy in a hurry whatever the nearest store offers-and rubbers bought that way are as unsatisfactory as anything else bought off-hand. Get your Gold Seal rubbers now while our stock is complete.
